LANDSCAPE DESIGNING.

to any. Our men are trained in this particular line and are at your service on short notice.

A consultation on your grounds will cost you only the railroad fare and hotel bill, if you live away from here. Then the matter of complete service will be gone into. If you wish us to make you a plan and you buy the stock wherever you wish, whether from us or some other nursery, that can be arranged. If we furnish the stock, as well as make the plan, in almost every case there would be no charge for the planning unless there is surveying. We can also make a proposition for the entire work; that is, to make the PLAN and also DO THE PLANTING. Write us for full particulars relative to same.

SURPLUS ORNAMENTAL TREES, SHRUBS, EVERGREENS, ROSES

Realizing that a great many people will want to do their own planning as well as planting, we offer here just a short list of the stock we have large lots of that we are offering the special discount on. Complete list is given in catalog, which will gladly be mailed on request, if you do not have a copy on file. Please understand that every item priced here is first-class, well developed specimens and in no sense to be considered otherwise. We simply have large lots of same and are willing to give you the benefit of it. **Prices named are the regular list prices and are subject to the special discount of 25 per cent. named elsewhere.**
